*NOTE: If you are a Wave 1, 2, or 3 licensee and have not yet returned a Point of Contact Form to the TA, please complete and fax to the TA at 888-701-4380. Please contact the TA if you are a Wave 1, 2, or 3 licensee and have not received your Form.*

## **INSTRUCTIONS FOR COMPLETING THE GUARD BAND ELECTION FORM**

This form should be completed and returned to the TA as soon as possible but no later than July 20, 2005 for Wave 1 licensees operating in the 806-809/851-854 MHz band, October 3, 2005 for Wave 2 licensees, January 3, 2006 for qualifying Wave 3 licensees, and July 3, 2006 for Wave 4 licensees.

The form should be used by licensees operating in frequencies between 806-809/851-854 MHz band (Channels 1-120) that wish to relocate to the Guard Band (816-817 MHz/861-862 MHz). Licensees that do not return this form to the TA will not be relocated to the Guard Band.

This form should not be used by licenses in the Southeast U.S. (specifically, certain counties in Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee), where the new 800 MHz band configuration is modified and there is no Guard Band. Potentially affected licensees should consult the FCC's [Second Erratum](#) to the 800 MHz Order for additional information.

Relocation to the Guard Band may be conditioned on available spectrum and sound spectrum policy. Relocation requests related to licenses covering the Canadian and Mexican border areas will be deferred pending additional guidance from the FCC.

1. Licensee Name: Please provide the name of your organization. This should be the licensee of record with the FCC and the organization that will enter into contracts with Nextel. Please explain in the Comments field if this organization is not the licensee of the call signs included in this request or if the request involved multiple licensee entities, etc.
2. Call Signs: Please list all 800 MHz call signs to be included in the Guard Band election.
3. Locations and Frequencies: For each call sign licensed with frequencies in the 806-809/851-854 MHz band, please list by location numbers from your FCC license all current frequencies operating in the 806-809/851-854 MHz band that are included in the Guard Band election. If your request covers all locations and all frequencies operating in the 806-809/851-854 MHz band, please enter "ALL." If it is all locations and just certain frequencies in the 806-809/851-854 MHz band enter "All locations" and list the frequencies individually.
4. Comments: Please provide any related comments. Note that this step is optional.
5. Contact Information: Please provide complete contact information for the organization. Please ensure that this contact information matches information provided in your Point of Contact Form if you have submitted one to the Transition Administrator.

6. Return the completed Form to the Transition Administrator:
