REQUEST FOR WAIVER
OF THE
JUNE 26, 2008 DEADLINE FOR COMPLETION OF 800 MHZ REBANDING

Pursuant to Section 1.925 (47 C.F.R. § 1.925) of the rules of the Federal Communications
Commission (“Commission”) and the Commission’s Public Notice, the above-referenced licensee
(“Licensee”) requests a waiver of the Commission’s requirement for the Licensee to complete its 800
MHz rebanding by June 26, 2008. The Licensee recognizes that the Commission has noted: “Requests
for extension will be subject to a high level of scrutiny. Licensees will be expected to demonstrate that
they have worked diligently and in good faith to complete rebanding expeditiously, and that the amount
of additional time requested is no more than is reasonably necessary to complete the rebanding process.”

Specifically, the Licensee requests until ___________ to complete its 800 MHz rebanding. The
public interest would be served by granting the requested waiver because it would allow Licensee to
reband its 800 MHz system in a reasonable, prudent and timely manner consistent with the goals of the
800 MHz rebanding program. In support of this Request for Waiver the Licensee provides the attached
Waiver Request Information Form and the following explanation of the reason(s) for not completing

1 Federal Communications Commission Provides Guidance for Submission of Requests for Waiver of June 26, 2008
2 See Improving Public Safety Communications in the 800 MHz Band, Report and Order, Fifth Report and Order,
Fourth Memorandum Opinion and Order, 19 FCC Rcd 14969 (2004), Third Memorandum Opinion and Order, 22
3 See FCC Announces Supplemental Procedures And Provides Guidance For Completion Of 800 MHz Rebanding,
reconfiguration by June 26, 2008, which is consistent with the assertion that a grant of the waiver would serve the public interest.

☐ Check if additional sheets are attached.

Finally, the licensee seeks confidential treatment of the Waiver Request Information Form pursuant to Section 0.459 of the FCC’s Rules because the information contained therein is highly sensitive regarding the operations of a public safety organization’s communications system. Furthermore, the information contained in the form is not otherwise publicly available. The Licensee consents to the disclosure of the form to the 800 MHz Transition Administrator (“TA”) and Sprint Nextel and requests that they treat the form as confidential.

Respectfully Submitted,
